2) JAWABAN NOMOR 2

a) MOCKUP

The mockup shows the homepage of the Jogja Digital Valley website. At the top, there's a navigation bar with links for HOME, ABOUT US, PRODUCTS, CONTACT US, and a Sign In button. The main header features a colorful illustration of traditional Indonesian landmarks like Borobudur and a mosque, with the text "SELAMAT DATANG DI JOGJA DIGITAL VALLEY" and a "Join Jogja Digital Valley" button. To the right, the "jogja digital valley" logo is displayed, along with the "indigo creative nation" and "Telkom Indone" logos. Below the header, there are three sections with images and descriptions: "CO-WORKING SPACE", "MEETING ROOM", and "INCUBITEE ROOM". Each section includes a small image, a title, and a detailed description. At the bottom, there are logos for "techtalk", "Ngopi Yuk", "FOUNDER SESSION", and "STARTUP IUB".

The mockup shows a news feed with three items. Each item features a thumbnail image of a flyer for "Startup4Industry 2021", followed by the title "Startup4Industry 2021" and a short description. The descriptions are identical, using placeholder text from the lorem ipsum generator. Each item also includes a "Last updated 3 mins ago" timestamp. At the bottom of the feed, there's a dark footer bar with the text "Join Jogja Digital Valley" and "Copyright © JogjaDigitalValley".
